

Exploration in the Perennial Plant World

Playing with perennial plant combinations do create a nice summer atmosphere. The stylish assortment of Echinacea interweave with perennial Geraniums. Geranium riversleianum 'Mavis Simpson' (on top) Geranium 'Ann Folkard' (under)

Also the ornamental grasses do weave as clouds trough the border. Stipa tenuissima 'Pony Tails' with Gaura 'Siskyon Pink' (middle left) Persicaria amplexicaule 'Speciosum' with Pennisetum alopecuroides 'Reborn'
